PAD-SMT

Suction Mount Stand
with Theft Deterrent Lock
for Tablets and Smartphones

Adjustable stand for both horizontal and vertical positions

Fully adjustable arm for maximum maneuverability

Security and convenience for your Tablets and Smartphones!

Fully adjustable neck and mount

Sturdy lock and cable

Protect your device using CTA Digital's Suction Mount Stand with Theft Deterrent Lock for Tablets and Smartphones. This anti-theft mount firmly attaches to the back of a tablet or phone on one end and to another smooth surface on the other end for extra resistance with ultra strong suction on both sides. The stand can then be locked around any secure object with the included steel-core combination cable lock. The 3-dial combination cable lock attaches over the suction locking lever so that the suction force cannot be released and works as a very effective theft deterrent, ideal for offices, dorms, coffee shops and other shared spaces. The suction mount attaches to desks and most smooth or nonporous walls and can be conveniently positioned with the adjustable stand to comfortably watch videos or enjoy apps anywhere. So enjoy added security and utility with CTA's Suction Mount Stand with Theft Deterrent Lock for Tablets and Smartphones.

Features Include:
- *Double-sided ultra strong suction mount attaches to most smooth surfaces*
- *Comfortably watch videos or use apps with the adjustable stand*
- *Securely lock with included combination cable lock*
- *Resettable 3-dial lock combination*
- *Light and portable design*
